## San Carlos Raid Wardens Boast Luminous Arm Bands

SAN CARLOS — Through the efforts of Carl Hoffman of 779 Tamarack Ave., San Carlos air raid wardens are the only ones in the United States wearing luminous arm bands. Hoffman, a photographer for a San Francisco printing firm, developed a luminous chemical compound for photo work but, when it became necessary to give wardens night protection, offered his formula to Richard Zemke, chief San Carlos warden.

Applied to the bands with a spray gun, the compound gives a yellow glow visible at 500 feet. To become effective it must be placed under heat for a few seconds to glow. Heat from a 100 watt electrical lamp will keep it glowing for four or five hours, Zempke said.

The bands are worn by 74 wardens who were given them last Thursday upon completion of basic tests.

Scheduled for this afternoon in the Civilian Defense series, was a talk on "War Gases and How to Combat Them" by Merritt Hosmer, deputy chief county air raid warden. Hosmer will present an advanced study on gases tomorrow at 7:30 p.m. in the San Carlos City Hall for wardens, first aid graduates and others who have heard the basic talks.

### Redwood City Agent Bags Antelope

Charles Shirk of Menlo Park, who is Redwood City agent for a major oil concern, today was able to boast of a feat accomplished by no more than 499 other Californians this year. He had just returned from a trip to Susanville where he had bagged a 100-pound antelope.

Shirk was one of 500 persons allowed permits to hunt antelope in Lassen County during the season which opened last Friday. He killed his antelope on opening day and was able to return home without further delay.

The east coast of North America is almost directly north of the west coast of South America.

## Three Tribune Carriers Win Places In California Scholastic Federation

Three of the seven Sequoia High School graduating senior boys who were elected to the California Scholastic Federation are now or have been Tribune carriers it was revealed today. The youths are Howard Sahlberg, Adolph Crossfield and William Huggins.

CROSSFIELD HUGGINS SAHLBERG

Other boys elected to the honor society are Bob Callahan, Warren Saltzman, Alfonso Zermeno, and John Spiker. Girls elected were Betty Dilg, Bernadine Franseen, Roberta Hail, Kiyoko Kasai, Charlotte Provin, Joan Steelhammer and Anne Wilson.

Sahlberg for a period of two years up until last November delivered papers between Whipple and Brewster Sts. on Elwood, Fulton and Grand Sts. Crossfield handled a route in East San Carlos last year and since November has been an assistant in the Tribune circulation department. Huggins delivered papers in San Carlos and Belmont hills as well as in Redwood City until two weeks ago when he resigned to accept a position in the Lytton Laboratories in San Carlos.

Bomb shelters are required for all new buildings constructed in the Republic of Panama, the Department of Commerce reports.

## Laundrymen Discuss Strike Threat

Federal Conciliator George V. Walker was to meet with labor and management representatives in Burlingame this afternoon in an effort to forestall a threatened strike of 225 San Mateo County laundry workers.

According to Atty. Carl Anderson, representing management, negotiations for renewal of a contract which expired Apr. 28 collapsed when President Roosevelt froze prices and discouraged wage increases. He said the owners withdrew a compromise wage offer and would ask the Office of Price Administration to increase prices paid by the public for laundry service if a wage increase is granted.

Anderson said he had been notified by Mrs. Ruth Bradley of San Mateo, business agent for Local 143, Laundry Workers Union (AFL) that the Central Labor Council had authorized a strike. The controversy was then referred to Dr. J. R. Steelman of the Conciliation Service, U. S. Department of Commerce. Steelman in turn delegated Walker to attend this afternoon's conference.

A strike would affect 10 laundries including the Sequoia and Redwood City French Laundry in Redwood City.

The union originally demanded a 10-cent per hour wage increase, Anderson said, in a contract submitted May 3. The owners countered with an offer for a 4-cent boost when the price freezing order was issued.

### Kiwanis Donates $60 To Campership Fund

A donation of $60 to the Tribune-Lions Campership Fund was made this week by the Kiwanis Club, in order to help needy Redwood City boys and girls attend a two-weeks camp this year. The donation is to be divided equally between the YMCA, Boy Scouts and Girl Scouts.

## Notre Dame Conducts Commencement

BELMONT — The 91st annual commencement exercises at historic College of Notre Dame in Belmont were held yesterday in the green gardens of Berchmans Hall.

The Most Rev. John J. Mitty, archbishop of San Francisco, and Monsignor Thomas F. Millett, also of San Francisco, presided over the graduation ceremonies, which were attended by church dignitaries and scores of relatives and friends of the students.

Richard E. Doyle Jr., Palo Alto attorney and Catholic layman, was speaker for the exercises at which 15 young women received college certificates and 25 received high school diplomas. Music for the commencement consisted of vocal and instrumental selections by Notre Dame students.

**Olgadale Phillips of Millbrae was awarded the Ada Ryland Medal for Christian Doctrine. Miss Phillips has previously won honors as a student of Notre Dame Conservatory of Music. She will be heard in a piano recital at Notre Dame Hall Sunday afternoon.**

Junior certificates from the college department were awarded to Marie Genevieve Kent, Mary Elizabeth Mape and Laura Marie Mullane of San Mateo; Madeleva Cough Sullivan, Menlo Park; Margaret Mary Miller, Palo Alto; Mary-Ellen Cauhape and Kathleen Aida Howes, San Jose; Kathleen Margaret Woods, Santa Clara; Verna Rae Scarper, Mountain View; Mary Helen McCarthy, Alameda; Dolores Carmen Real, Monterey; Constance Rose Coleman, Vallejo; Helen Rita Barrett, Santa Barbara; Adilia Carmen Quinonez, Nicaragua; and Patricia Elizabeth Notley, Guam.

**Redwood City girls who received high school diplomas are Lydia Baldini, Norma Canvin, Mary Graham, Jean Hayes, Florence Maxwell, Virginia Naylon, Mary O'Loughlin, Jean Pallanche, Margaret M. Sullivan and Jacklyn Palm, student body president for the high school department and daughter of Mr. and Mrs. A. W. Palm of King St.**

Other high school graduates are Audrey Crawford of San Carlos, Phyllis Fairbairn, Belmont; Ruth Albert, Eileen King, Patricia Lindman, Benetta Rogers, Denise Sullivan of San Mateo; Olgadale Phillips and Ruth Platte, Millbrae; Marian Fox, San Francisco; Marilyn Anderson, San Jose; Alona Anderson, Santa Clara; Marie Resetar, Watsonville; Regina Aguirre, Salvador; and Carmen Gomez, Nicaragua.

### Judges Announce Woodside Winners

Winners of the regular monthly Woodside Gardeners' Association exhibition were announced today by Amelio Mangini, Albert Oreglia and Vincent Goso, judges of the event.

First prize in the delphinium display was won by C. Martinez; second, A. Kellum; third, Max Ramp.

First prize in the sweet pea exhibit went to Rufus Faria; second, Larry Kendall.

First prize in the unclassified division was won by A. Mayer; second, Faria; third, Martinez.

At the monthly meeting of the organization this week Kendall spoke on the art of growing pelargoniums. Motion pictures were shown and refreshments were served.

### DEFENDERS WARNED

Redwood City's civilian defense corps was placed on notice today to be prepared for a two-hour workout under army observation Sunday. Co-ordinator C. W. Eltringham warned that no volunteers should leave their posts without substituting trained personnel.

### San Carlos Drive Proves Successful

SAN CARLOS — A total of $21,868 monthly has been pledged to the purchase of war bonds and stamps in San Carlos, results of a drive conducted last week under the direction of Victor Gile showed today.

In all, the 16 civic organizations taking part, made 2081 calls and received 2257 pledges, Gile said. Although some scattered returns are still to be turned in, he said the drive was virtually completed.

San Francisco officials of the drive in northern California to which the results were reported were well satisfied with the amount pledged. In ending his work, Gile said he wished to thank all workers who took part.

### Hinman To Receive Degree in Law

After four years of night school, Sidney P. Hinman, 419 Bradford St., Redwood City, and clerk of Judge A. R. Cotton's department of superior court will receive his degree in law from San Francisco Law School tomorrow night. Graduation exercises will be conducted at the Palace Hotel, San Francisco.

Hinman, son of the late Elmore Hinman, county clerk, plans to take the state bar examination in September.

Government surveys show that tobacco is produced on one-eighth of the nation's farms.

Reports reaching the Department of Commerce show that sales of gasoline are being restricted in many countries.

## Auto Company Starts New Plan

A new customer relations program, emphasizing courteous efficiency in the service department, will be presented to the service managers of 8300 Chevrolet dealers throughout the country, in a series of 45 district schools to be staged by Chevrolet beginning May 25, William E. Holler, general sales manager, announced in Detroit today.

Under the direction of T. E. Brents, manager of the sales merchandising department, 8 schools will be held during the week of May 25 for assistant regional and zone managers in charge of service. These schools will be staged by Brents and members of his Detroit staff. Beginning June 1, the wholesale personnel will conduct 37 zone schools for the retail service men.

Improving service at a time when highest service standards are imperative is the goal of the school program, Mr. Holler said. Not only will the service managers receive latest service information from central office through these schools, but the new role of service as the primary function of the retail operation will be explained in detail.

"Courteous, efficient service has always been a by-word with Chevrolet dealers," Mr. Holler said. "Now, because service is the principal guarantee for most motorists of continued car operation, Chevrolet is exploring every channel of improvement open to the service organization. The better the dealer's service operation, the better chance the car owner has of maintaining his own personal transportation in an era when such mode of transport has assumed unparalleled importance.

"The necessity for acquainting the motoring public with the value of regular service check-ups is one point that we hope to make vivid through these new schools. Only in this manner can the service man and the mechanic insure continued operation of the millions of automobiles whose horsepower must work for victory."

Each person's quota of peanuts is ten pounds a year, because 1940 census reports showed that 1,155,316,299 pounds are grown annually in the United States.

## Skating Star Fills Ambition

The same ambitions which led Shipstad and Johnson to create the Ice Follies guided Osborn Colson into being perhaps the greatest figure skater ever developed in Canada.

Colson is featured in the all-new Ice Follies of 1942, now showing nightly at Winterland in San Francisco.

While Eddie Shipstad and Oscar Johnson were climbing up the ladder with such success, they made professional appearances in Toronto. Each time they skated in the Canadian city, young Colson cut school classes to watch them. Meanwhile he entered amateur figure skating competition. At the age of 16 he won the Canadian Junior title and for the next three years won the Canadian Senior Championship.

By 1937, having annexed every major Canadian skating title, he was face to face with the amateur-professional dilemma. He had turned down several offers by the time the long distance operator buzzed the Colson phone and announced, "Oscar Johnson calling Osborn Colson from Chicago.' Ossie answered—both the 'phone and Oscar's offer.

He joined the Follies and has been in every show since, thrilling audiences from coast to coast with his brilliant performances. Still in his early twenties, he is modest to the point of shyness about his own success. And he still likes to watch Oscar and Eddie skate.

## Coaches Okehed At Glacier Park

GLACIER PARK, Mont.—Motor coach transportation will be available to vacationers this summer in Glacier National Park, the Glacier Park Hotel Co. announced today.

The hotel company has been advised by the National Park Service that a recent order by the Office of Defense Transportation, prohibiting operation of sightseeing buses, will not affect bus service in Glacier, which opens for the season on June 20.

Buses in Glacier Park are operated on regular fixed schedules for transportation of visitors between hotels and chalets and Great Northern Railway stations in the park.

Tea consumption in the United Kingdom is at the rate of approximately 400,000,000 pounds annually.

## SUPPOSE THIS WERE YOUR HOME!

IT MIGHT VERY WELL BE. War is no respecter of persons. Homes of other folk all over the world have been destroyed. You can't dismiss it by saying, "It can't happen here." Home means much more than a house. It isn't only your house that is threatened, it is you as an individual—your right to life, to liberty, to worship as you please, to read the truth, to hear the truth, to speak the truth. These are the rights that make your house a home. You'll keep these American rights only if we and our allies drop more bombs, build more planes and ships, keep our production lines busier than do our foes. There is something for each of us to do—something that must be done. Figure out what your job is and then give it everything you've got. Working together with such spirit, we shall speed the day of triumph and peace.

# Grand Jury Hears Report On Repairs

Improvements to Canyon Sanatorium, delay in which was the object of grand jury scrutiny, today appeared ready for early award of contract according to a committee report to the grand jury this week.

The committee said it had been advised that the necessary repairs and alterations, previously held up by the county executive, will be made at an early date.

J. J. Madden, head of the jury's committee on civilian defense, announced that E. P. Wilsey, chairman of the county defense council, would appear before the jury at its meeting June 22 to explain the county's civilian defense set-up and the civilian defense budget for 1942-43.

# M.P. Bank Plans Open House June 6

MENLO PARK—"Open house," marking completion of a $20,000 program of expansion and modernization, will be held Saturday afternoon, June 6, at Bank of America's Menlo Park branch.

Manager L. L. Johnston invites all citizens of the Menlo Park area to visit the improved quarters at 1165 El Camino Real between 2:30 and 5 p.m.

One thousand and eighty square feet of floor space have been added to the banking room, permitting an enlarged public lobby, additional teller windows and a more efficiently arranged officers' space and work area.

The bank's staff has tripled since it opened Feb. 1, 1937.

"We have undertaken this substantial expansion program because we desire to continue our growth along with the community, and at the same time function with the greatest possible efficiency," commented Manager Johnston. "High efficiency means better service to our customers."

Improvements made include an acoustical tile ceiling, indirect lighting system, a conference room for customers and bank officials, and a new steel-and-concrete vault.

# 1000 Peninsula Residents Attend Dedication of Flood Park Pool

One thousand Peninsulans forgot the war long enough Sunday to attend the dedication ceremonies of the public swimming pool in San Mateo County's 22-acre Flood Park.

At 11 a.m. H. Herbert Harris, chairman of the San Mateo County Recreation Commission, started the ceremonies preliminary to opening the 180,000-gallon pool to the public. Members of the board of supervisors, the county recreation and planning commissions, the county executive and other office holders made brief addresses.

Charles Meinert of North Fair Oaks, one of the original advocates of the south county recreation area, was one of the special speakers.

High school athletes then staged swimming races, life saving demonstrations and a sparkling water ballet under the direction of Sequoia High School coaches.

In the swimming events Palo Alto High School retained its relay championship.

After the lunch hour between 250 and 300 bathers made use of the new pool.

Estimated income for the first day: $45.

The pool will be re-opened to the public next week end.

### Mother Files Suit For Second Time

Mrs. Josephine Rice this week filed for the second time a superior court damage suit seeking damages for the death of her nine-year-old son, Robert, from injuries suffered in a North Palo Alto accident Mar. 18.

Defendants are Richard T. Gillespie, 16, Sequoia High School student, and his mother, Elma E. Gillespie. The boy, riding a bicycle, was struck by young Gillespie's car and died two days later. Mrs. Rice asks $22,000. Her first suit against the same defendants was dismissed.

## Boy Scouts

# Special Camp Sign-Up Days Here Set for Next Week

Special sign-up days for Boy Scouts and parents going to Boy Scout camps this Summer will be held next Monday, Tuesday and Wednesday afternoons in the Redwood City Scout Field Office in the old library building, Broadway and Jefferson Ave., Bradford P. Datson, field executive, announced today.

Datson will be available from 3 to 6 p.m. each of these three days to answer questions about the camps and to receive applications. Field Office Secretary Mary Scriven is at the field office every Monday, Tuesday and Wednesday afternoons to receive applications.

★ ★ ★

**HIGH STANDARD**

Camp Pescadero again meets the highest standards in all departments, according to camp committee members. Dr. E. R. Hoffman has been commissioned as official medical attendant at the camp.

All requirements have been met for the "A" rating camp by the camping department of the National Council, Boy Scouts of America. Waterfront protection by registered Red Cross lifeguards under the direction of Field Executive Datson will insure safety in the "swimmin' hole" at all times, officials point out.

Food with high caloric rating again will be served. John F. Linden, camp chairman, telling of the health of scouts in camp, stated that in past years gains of 10 to 15 pounds in weight of scouts in camp were not unusual, and the average scout gained over five pounds the first week in camp.

★ ★ ★

**EQUIPMENT RETURNED**

Red Cross officials returned cots and ticks, loaned at the outbreak of the war for Red Cross emergency stations throughout the county. These will be available for campers during the camping season and then will be sent back immediately to the disaster stations. Sea Scout Mate Severance Hauck of Redwood City and Depty. Commsr. Bob Baum of Burlingame had charge of assembling the camp equipment.

★ ★ ★

**TO SELL BONDS**

Troop 160, sponsored by the Redwood City Commuter's Club, is arranging to co-operate with the club in a special War Bond sales campaign on Broadway Saturday afternoon. The San Mateo County Boy Scout Band of 60 pieces will be on hand to boost the campaign. Scoutmaster C. C. Armstrong is in charge of scout participation in the campaign.

McKinley School Cub Pack 16 will put on a Minstrel Show tomorrow night at 7:30 in the school auditorium. Scout Executive Edward A. Barrer will present badges to over 40 cubs who have applied for awards this month.

The third training meeting for new leaders reorganizing Woodside Troop 159 was held Tuesday night at the Woodside Fire Department. Alex Donald and John Volpiano head the leaders.

Congregational Church Troop 120 of Redwood City will hold its annual parent's night, Friday, June 12, at 8 o'clock at the church. Council Pres. Perry Bygdnes will present the troop's new charter.

★ ★ ★

**SALVAGE WORK PRAISED**

Scout Executive Barrer this week received a "telegram from Dr. James E. West, of New York, chief scout executive, praising waste paper salvage" work of local scouts in co-operation with the national drive. The message reads as follows:

"Mr. Edward A. Barrer, Scout Executive:

"Conference this morning with representatives of paper industry and bureau industrial conservation of war production board reveals a magnificent job has been done in collection waste paper.

"Desirable now immediately to shift our emphasis to greater need for salvaging every conceivable type of rubber.

"Detailed bulletin follows making suggestions how to organize for comprehensive rubber salvage program in response to direct request from government. Please take immediately necessary action."

★ ★ ★

**SETS SALVAGE RECORD**

Troop 33, of Half Moon Bay, headed by Scoutmaster M. G. Sousa, has just reported salvage collections which set a new council record for collections by one troop. Since Dec. 7 the troop has salvaged 31,000 pounds of scrap iron, 18,000 pounds of paper, 900 pounds of rags, 100 old tires, 100 pounds of carpets, and three tons of tin cans.

# New San Carlos Organization Endorses July 4th Celebration

SAN CARLOS—First project to be endorsed by the newly-organized San Carlos for United Americans Club will be the Fourth of July celebration which will foster the plan of providing entertainment at home, officers said today.

The new organization was formed as a permanent unit Monday night at a meeting of 24 civic club delegates.

Objectives of the group, officers said, will be to bring unity, understanding and co-operation among the clubs in San Carlos through the maintenance of a club calendar; the encouragement of joint observance of all regular or proclaimed national and patriotic holidays; assistance in the planning and success effectuating of drives for funds for use in the general public's welfare; the promotion of interest in any other activities deemed beneficial to the public; and the encouragement of close adherence by the people of San Carlos and of the nation, to the ideal of unity in thought and action toward preserving the principles upon which the nation was founded.

**OFFICERS NAMED**

C. C. Greenman was elected president; Mrs. Robert W. Dyer Jr., vice president, and William H. Penaat, secretary-treasurer.

Following election of officers Lloyd Tobey offered a resolution that the organization endorse the 4th of July celebration which is to be held under the auspices of the recreation commission of the city of San Carlos. Mayor A. H. Sagehorn stated that the observance will be a community function in which all clubs can participate. Harold Cooper, chairman, outlined the tentative program which provides a full day of activities including races, tennis matches, horseshoe games, pony rides, ladies' softball game, a dance in the evening.

William Penaat, Harold Cooper and John C. Houlihan were appointed as a committee to investigate the feasibility of a bulletin board as a calendar of events.

**MONDAY MEETINGS**

The organization will meet on the first Monday of each month, the next meeting to be held on July 6th at 8 o'clock at which time a permanent meeting place will be selected.

Present at Monday's meeting were Mrs. H. V. Brown and Mrs. Fred Hagmeyer of the Junior Matrons; Mrs. Lester West, PTA; Mrs. R. W. Dyer Jr., Red Cross; Harold E. Cooper, San Carlos Athletic Club; Mrs. H. A. Glaves, Boy Scout Mothers; Mrs. Charles Holzwarth, American Legion Auxiliary; Mrs. Lillian Carroll, Druids; Mrs. F. L. Gaiter, Civic Garden Club; Mrs. S. S. Wemett, Girl Scouts; Loyal Blinco, Masonic Club; Svend Nielsen and Lloyd J. Tobey, San Carlos Post 585, American Legion; C. C. Greenman, Holly St. Improvement Club; Howard Demeke, Junior Chamber of Commerce; Mrs. Stephen Roberts and Glenn Ward, Racquet Club; Mrs. Charles Gorse, Carlosian Club; John C. Houlihan, Holy Names Society; William A. Penaat, Community Club; Kenneth Thompson, Sea Scouts; John Macliver, Men's Club; Truman Waterman and Mayor A. H. Sagehorn, city council.

## Will Rebec Estate Worth $123,000

Now in probate in the San Mateo County Superior Court, the estate of Dr. Will H. Rebec, late proprietor of Twin Pines Sanitorium in Belmont, was appraised at $123,382.19 by James A. Lee, state appraiser.

Listed in the inventory of the estate was $8252.10 in cash on deposit at the San Mateo branch of the Bank of America, 550 shares of stock in Twin Pines Inc., valued at $80,212.34 at the time of death, 12 shares of common stock in California Bank valued at $1344, 300 shares of stock in Stromberg-Carlson Telephone Manufacturing Co. valued at $1425, other stocks valued at $990, an interest in the Hauoil Oil Co. valued at $10,000 and real estate valued at $15,717.

Dr. Rebec, who died on Sept. 10, 1941, left half of his estate to his associates and employes at the sanitorium. The other half was willed to his mother, Elizabeth Rebec.

## 20-30 Service Club

# William Blackwood Elected President of Local Group

William Blackwood Wednesday night was elected president of the Redwood City 20-30 Service Club and will take the gavel from Past Pres. Jack Thomas in a formal installation ceremony next Wednesday night.

Cy Caldwell was chosen vice president.

Elected to the board of directors were John Beckwith, Charles Barber, Carl Dell'Aquilla, Brier McNeil, Al Pushkin, Milton Delucchi and Elwayne Laurence.

Cliff Butterfield was formally initiated into the organization and was presented with a membership kit.

**SIREN TEST**

SAN MATEO—A demonstration of a Victory Siren will be held in San Mateo between 11 a.m. and 12 noon Wednesday, June 10, it was announced today by the San Mateo County Civilian Defense Council. Citizens were warned not to mistake the demonstration for an air raid alarm.

Ancient sculptures reveal that the umbrella was in use in ancient Egypt.

## Two Youths Complete Basic Flight Training

Recently graduated for basic training school at Chico Army Flying School are Donald E. Nelson, 23, and Robert Fuller, 22, both former residents of the Redwood City area. Transferred to Chico from Moffet Field for completion of the basic work, they are now in advanced training and within two months of being commissioned second lieutenants in the army air corps.

Fuller, formerly of Atherton, began his training at King City. He is the son of Mr. and Mrs. W. P. Fuller and is a graduate of Montezuma High School, Los Gatos, and Stanford University, where he was a member of the Alpha Delta Phi fraternity and went out for athletics.

Nelson, the son of Mr. and Mrs. Earl Nelson of Belmont, attended Sequoia High School where he was a member of the soccer team.

While Mexico's area is roughly that of Texas, New Mexico, Arizona, California, and Utah combined, its population is 50 per cent greater than that of those states.

## VFW Auxiliary Members Hear Talk on Navy

Members of the women's auxiliary of Corp. James Lindsay Wilson Post 2310, Veterans of Foreign Wars, last night heard a talk by J. A. Wetzel, chief machinist mate, retired, U. S. Navy, concerning young men entering the navy and the opportunities offered them.

Highlight of the talk by Wetzel, who is in charge of the navy recruiting office in the courthouse, regarded the opportunity for young men between the ages of 17 and 21 who can enlist and remain in school until completion. They then would be called into service with ratings as qualified.

Anyone desiring more information may get in touch with him between 8 a.m. and 8 p.m., Wetzel said.

VFW delegates left last night for Santa Cruz for a department convention in Santa Cruz through Saturday.

Following the talk, members of the auxiliary joined members of the post for refreshments.

## R.C. Dance School Wins Petals Prize

Winner of the award for "most outstanding achievement" in Saturday's Pageant of Petals parade in San Mateo was Dorothy Roberts' School of the Dance, of Redwood City. A score of Redwood City district children who are pupils at the school marched in the parade. They were dressed in costumes with a patriotic motif.

Later about 50 of Miss Roberts' pupils 'presented a 45-minute variety show at an outdoor platform on Third Ave., as a stimulus to the sale of war bonds and stamps.

## Burlingame Man Ends Own Life

Louis J. C. Hinz of Burlingame died of a self-inflicted bullet wound yesterday. Burlingame police said the 76-year-old man shot himself near the heart with a .32 caliber revolver while sitting in the bedroom of his home. He was discovered by his daughter-in-law, Mrs. Carolyn Hing.

Police said Hinz apparently was "tired of living."

He is survived by his son, Louis J. C. Hinz Jr., a daughter, Mrs. Lucille C. Dean, and a brother, Herman Hinz.

# What to Do In an Air Raid

(This has been approved by the Civilian Protection division of the United States Office of Civilian Defense.)

1—In ANY air raid or blackout, take cover immediately.

a. If you are away from home, GET OFF THE STREET. You are ten times safer in a building than standing or walking on the street. If you are in a car, pull to the side of the road immediately. Do NOT double park. Keep clear of fire plugs. Get out of the car, bus or street car and take shelter.

b. If you are at home, take immediate blackout precautions. Extinguish all lights. Have your fire protection equipment ready. Go to your blackout room; it should be the safest room in your home. Stay away from windows. Bomb explosions shatter glass for considerable distances.

2—Don't use the telephone. Remember those persons who have been trained to protect you—the air raid wardens, fire watchers, auxiliary firemen, auxiliary police and many others, MUST be able to get really important messages through. Your personal calls have got to wait until after the all clear signal.

3—If you are caught in the open lie down on your stomach. You are twice as safe lying down as standing up.

4—If incendiary bombs fall, play a coarse spray of water on them. Put out the fires started by the incendiaries first, then devote your attention to the bomb. The coarse spray of water burns the bomb up faster. A heavy jet, stream or bucket of water will make the bomb explode. If you have no way of treating the bomb with water, cover it with dry sand. Then with a blunt-nosed shovel scoop the bomb onto a pile of sand, dump the send and bomb into a pail and take it outside.

5—Remember, OBEY YOUR AIR RAID WARDEN AND OTHER MEMBERS OF THE UNITED STATES CITIZENS DEFENSE CORPS. THEY ARE TRYING TO HELP YOU.

6—Above all—KEEP COOL—STAY HOME—PUT OUT LIGHTS — TAKE SHELTER — LIE DOWN — STAY AWAY FROM WINDOWS. YOU CAN HELP.

# What to Do In a Gas Attack

(This has been approved by the Civilian Protection division of the United States Office of Civilian Defense.)

1—Serious injury may result from exposure to liquid gas which may fall from airplanes. It is, therefore, imperative to remain indoors and keep the windows closed.

2—War gases are heavier than air. If you are inside a building remain there, and, if possible, go upstairs. Do not complicate the military effort by leaving your house unless circumstances make it absolutely necessary. If you are outside and not able to immediately go indoors walk—do not run—get out of the gas area. Avoid puddles of liquid gas, basements, valleys and other low places.

3—If the windows of your room are broken, go to another rooms, or get out of the building.

4—If you have been exposed to a war gas—

a. Breathe through cloths wet with baking soda solution.
b. If you can go inside a building, do so, but first remove your outer clothing and leave it outside.
c. Wash your hands and then your face with laundry soap and water.
d. Wash your eyes at once with a large amount of a solution of baking soda; one teaspoon of baking soda in a glass of water.
e. Take a bath using plenty of laundry soap.
f. Wash your eyes again with making soda solution.

5—If splashes of liquid gas have gotten on you—

a. Using small pieces of cloth, cleansing tissue or toilet paper, blot up as much of the liquid as you can, being careful not to spread it.
b. Daub the contaminated area with cloths wet with Clorox, Purex, Sani-Clor, etc.
c. Steps b, c, d, e and 3 in 4 above.

6—Do not get excited. Lie down and cover yourself with a blanket. Your Air Raid Warden will summon medical aid.

THERE IS NO IMMEDIATE SERIOUS DANGER FROM EXPOSURE TO ANY KNOWN WAR GAS IF YOU FOLLOW THESE SIMPLE RULES. CLIP THEM OUT AND MEMORIZE THEM.

# SAFEWAY *Homemakers' Guide*

★ *How you can win $1000.*
★ *About vegetables and how to cook them.*
★ *Meats that are guaranteed.*
★ *How one wife made one husband happy.*

## Eight Secrets you may not know —and should ..about vegetables

**There's nothing elaborate** or fanciful about the modern methods of preparing and cooking vegetables. On the contrary, the new way is much simpler—(as you'll discover when you read these hints that come from the Safeway Homemakers' Bureau).

These eight suggestions will help keep all the color and flavor and garden freshness in your vegetables—and, at the same time, will help them retain all their health-building vitamins and minerals.

**1. To start,** always buy the freshest, finest vegetables available. The older they are, the less attractive they become, and they lose some of their vitamins, too. Buy and use greens the same day, if possible.

**2. When you get** your vegetables home, wash them quickly—but don't let them soak in water, or you'll wash away minerals and vitamins. Put greens in a covered container, wrap other vegetables closely in waxed paper; and store in the refrigerator until ready to use.

**3. Don't pare,** cut or shell fresh vegetables until just time to cook or serve, because vitamins escape once cut surfaces are exposed to air.

**4. Colors**—red, green, yellow and white; and *flavors*—mild, strong—determine just how vegetables are to be cooked. But, to retain nutritive qualities and appetite appeal in *all* vegetables, here's a good general rule: *Cook quickly, as short a time as possible, using as little water as possible, and using cooking water when it is palatable.* Quick cooking means less vitamin loss, less color change. To speed the cooking, add vegetables to *rapidly boiling water;* and whenever possible, cook *covered.*

**5. Green vegetables** (to keep their color) and *strong flavored* vegetables (to modify their flavor) should be cooked *uncovered,* in slightly more water than other vegetables.

**6. Add a little vinegar,** lemon juice, or tart apple to keep the color in red vegetables (like beets and red cabbage) during or after cooking. But don't add these acids to green vegetables until just serving time, or the green will turn dingy brown. Don't add soda to preserve color in green vegetables, either, for soda kills vitamins.

**7. Once vegetables** are tender, serve them as soon as possible, to get full benefit in goodness as well as nutrition. Overcooking lessens attractiveness, sacrifices vitamins and minerals, and may cause unpleasant color changes.

**8. When you cook** vegetables in a small amount of water, it's easy to serve the condensed cooking water with the vegetable itself. Save any leftover liquid to flavor soups and gravies—unless, of course, it is unpalatable.

## Sanders Owns Paint Company

Kenneth C. Sanders, Peninsula painting contractor, recently assumed ownership of the Redwood Paint Co., 2034 Broadway.

Sanders said that his firm will distribute the nationally advertised line of Kyanize paints, varnishes and enamels, along with the reliable Nason line of paints and painters' supplies. Kyanize paints, according to Sanders, have long been recognized for their high quality and complete range of popular colors.

Commenting on his acquisition of the business, Sanders said: "The slogan adopted by the paint industry, 'paint protects America' is one which every Peninsula property owner should remember. A little paint will go a long way in protecting the home against weather and wear."

Sanders has had many years of experience in the paint business and feels that his background equips him to assist his customers with their painting problems. His father, H. B. Sanders is associated with him in the business.

Wallpaper is another item which will be on display in the store. Hundreds of new patterns are available for the customer's selection.

"The store with the friendly service" is the motto that has been adopted by Sanders.

## San Mateo Woman Sues for Divorce

Mrs. Mildred Goddard, San Mateo, daughter of a retired sea captain, this week asked the superior court to grant her a divorce from Lester Goddard, a bakery wagon driver, and to recover frim him $10,000 she inherited from her father after her marriage.

They were married in San Francisco in 1929 and separated last April. They have a son, Jack, 11. She charged cruelty and asked $60 a month for her child's support.

A school slate owned by Ruby Buchanan of Stroud, Okla., was used by her great grandfather in 1805. It weighs 1½ pounds.

## Fire Damages Beer Truck, Trailer

A truck and trailer containing empty beer bottles were damaged by fire early Wednesday morning on Bayshore Hwy. south of Harbor Blvd., Belmont.

A flat tire is believed to have ignited and started the blaze. When the driver, Louis Ballestrizze, 64• Dartmouth St., San Francisco, discovered the fire he dropped the trailer and drove on a way before stopping the truck.

Both the Belmont Fire Department and the San Mateo County Fire Department were called to the scene. The Belmont firemen extinguished the blaze in the truck and the county firemen put out the fire in the trailer. The firemen were summoned at 5:10 a.m.

The two lodges occupying the hall in the Doyle Building, the Native Daughters and the Masons, have secured new headquarters. The former occupy the Menlo Park Hotel hall and the Masons will meet in the Masonic Building in Palo Alto.

★ ★ ★

Owing to the war there will be only a few picnics held at the Menlo Park Hotel grounds this season. The one last Sunday was well attnded with more than 1000 people present. The attendance was mostly from San Francisco.

★ ★ ★

The Sunset Bakery and Cafeteria of Palo Alto is going to open a branch establishment at the Will Cook Building on the highway. The concern is the oldest in Palo Alto and is known for the quality of its pies and cakes offered for sale.

★ ★ ★

A larger grocery concern in Palo Alto is about to open a branch store on the highway in Menlo Park. This rapidly growing community is attracting the attention of Palo Alto businessmen who desire to locate here.

★ ★ ★

The Menlo Theater gave its final performance Sunday night. Work of demolishing the building has already begun to make way for the highway through town. The owners of the theater have applied to the Priority Commission at Washington to erect a new one on their property on the highway near the grammar school. It is doubtful if the permission will be granted.

A prominent citizen of Menlo Park is being groomed for the office of county assessor, now held by Martin Flynn, who is seeking re-election. Should the Menlo Park man enter the race, he would most likely be elected for he is a good campaigner and has oodles of money.

Ernest Weingartner, who passed away this week at Santa Cruz, was well known in Menlo Park, having conducted a drug store for the late Mrs. Selzer over 25 years ago. Weingartner is pleasantly recorded in the annals of this city, having been a leader in social events of that time and popular with all classes.

## Local Youth Finishes Basic Flight Training

Stewart P. Elliott Jr., 21, whose parents live at Woodside, is a member of the basic training class which graduated from the Merced Army Flying School last week. Upon completion of a 10-weeks advanced course he will receive his second lieutenant's commission in the U. S. Army Air Force Reserve.

Cadet Elliott is a graduate of Sequoia High School and New Mexico Military Institute, Roswell, N. M. Before he entered the air force he was employed by the General Engineering & Dry Dock Company.

# Waiver System of Hiring Meets Council Opposition

Plans to adopt a waiver system of hiring city employes to avoid civil service requirements for the duration today faced opposition from Mayor Floyd D. Granger and Councilman Carl Britschgi. Granger declared the city should make every effort to live up to civil service until it proves a failure.

City Manager C. L. Dimmitt explained to the council this week no civil service examinations can be called because the State Personnel Board has canceled its former service of conducting and grading examinations. No substitute has been found, he said.

A plan whereby temporary employes would waive civil service status was laid over. The council also:

Referred to the city manager protests from Central Park Improvement Association about a fire hazard at Grand and James Sts.

Authorized a resolution to permit non-resident taxpayers free use of the city library. The resolution will be acted upon at the next council meeting.

Granted two weeks' delay on abatement proceedings against 897 Redwood Ave.

Allowed a $208 tax penalty discount against certain Valota Rd. property evacauted by Japanese and acquired by Z. T. Thorning.

Lt. Col. Francis T. Evans of the U. S. Marines was the first aviator to loop the loop in a seaplane. He accomplished this feat in 1917.

YOU MIGHT AS WELL Confess!

Almost everyone likes a mystery—almost everyone enjoys the thrilling excitement of tracking down a criminal with an ace detective.. But some are a little ashamed to admit reading mysteries.. Well—you needn't be. ..

Maybe you didn't know that many college professors, bank presidents, great scientists, captains of industry, even the President of the United States all like their mysteries. In fact, millions of Americans are reading more mysteries today than ever before.. Why?. Mainly because these fast-paced, easy-reading stories are both relaxing and refreshing.. It is for them — and for you—that we are publishing

Ellery Queen's Mystery Magazine

Edited by Ellery Queen, famous detective of the radio, the movies, and best-seller books, it is devoted exclusively to the best in detective crime short-story literature.. And we mean literature. The fact that a story owes its plot to crime and detection need not prevent its being well written. Short detective fiction that is well written is not too readily available. But we are finding them—in books, in magazines, in the files of famous authors—and by arrangement with other publishers as well as with authors, we reprint in the approved Reader's Digest manner the best detective fiction to be procured.

Such masters as Dashiell Hammett, Agatha Christie, Stuart Palmer and Ellery Queen are to be found in it. But stories are selected on their merits, not on authors' names. Tough and suave, casual and swift, comic and tragic, they are mingled with refreshing variety and stimulating change of pace. Rare gems, fit for the most critical, delightful to the most naive. You will find the new magazine well printed—sharp and clear, kind to the eyes. You will find the size same as The Reader's Digest — convenient to hold, to handle, to slip into your pocket. You will find the cover as pleasing to look at as a book jacket. And you will find the contents the most satisfying quarter's worth of good entertainment you have found in many a day. On sale at all good newsstands —25c a copy.

SPECIAL 10c OFFER TO READERS OF

# Dodge Urges Applicants To Delay Appearances

Because of an opening-day rush of applicants for canning sugar at the South County Sugar Rationing Board Monday, Ralph S. Dodge, board chairman, requested that applicants delay their appearance as much as possible to avoid crowding facilities of the board.

While there was no tie-up in procedure in the morning, Dodge said many people stood in line this afternoon. He emphasized that canning sugar permits may be obtained for several months and asked that people not come in during the first two or three days unless absolutely necessary.

In the near future the local office will have more help and greater organization and will be able to accommodate a greater flow of applicants, he explained.

Successful applicants may obtain permits for one pound of sugar for every four quarts of canned goods.

Persons living in the area from Belmont to the Santa Clara County line and to the Skyline Blvd. on the west must obtain their sugar permits at the local office.

The office will be open week days from 9 a.m. to 12 noon and from 1 to 5 p.m. and from 9 a.m. to 12 noon on Saturdays.

# Augustus, Flynn File Nomination Papers

County Clerk W. H. Augustus and Assessor Martin Flynn today had qualified for places on the August primary ballot when they will be candidates for re-election. Both men filed their nomination papers yesterday afternoon.

Gus B. Risso, fifth township justice of the peace with no opposition, also filed his nomination papers.

Candidates who took papers for circulation were Coroner William F. Crosby, Engineer M. A. Grant, Dist. Atty. Gilbert D. Ferrell, and Mrs. Ethel J. Nuckolls of Redwood City, potential candidate for assembly.

Among the signers of Augustus' petition were Henry A. Beeger, W. W. Hilton, James P. Hearne, Daniel R. Stafford, C. G. Lambert, John E. Layng, L. A. Behrens, James D. Hedge and Councilman William M. Werder of Redwood City; Belton Rhodes, San Mateo city clerk, and Martin A. Poss of San Mateo.

Signers of Flynn's nomination papers included Beeger, Hilton, Hearne, Stafford, Lamber, Layng, Werder, Warren S. Morey of Atherton, Ray T. Higgins of Sharp Park, F. G. Williamson of Pescadero, George Lagomarsino of San Carlos and Joseph B. Darcy of San Mateo.

# Men, 18-30, Needed For Merchant Vessels

The United States Maritime Service enrolling office in San Francisco has issued a call for men between the ages of 18 and 30 to serve on merchant vessels of the nation.

Each enrollee will undergo a training program, including three months on shore and 14 months at sea, and then may enter an officers' training school for four months. Upon satisfactory completion of the latter course the enrollee will be issued a license as an engineer officer or deck officer.

Applications may be obtained at any United States employment office or at the San Francisco enrolling office, 510 Battery St.

### SCOTT HELD TO ANSWER

Alvin Lee Scott, 22-year-old South San Francisco shipyard worker, was held to answer to superior court on a manslaughter charge by Judge L. G. Hardy Jr. in South San Francisco yesterday afternoon. Scott is accused of causing the death of his 18-month-old stepson, David Spivey, in South San Francisco May 13. Bail was set at $5000 cash.

# Judge Considers Newspapers' Complaint

Suit of four San Mateo County weekly newspaper publishers to block a contract between the county and the San Bruno Herald to publish the 1941-42 delinquent tax list and to define the powers of the county executive in awarding the bid was taken under advisement by Judge Maxwell McNutt in superior court this week.

The judge questioned the standing of the plaintiffs. Their attorney, Charles N. Kirkbride, argued that they were suing as taxpayers.

Dist. Atty. Gilbert D. Ferrell, who took personal charge of the arguments on behalf of the county, held that they could not sue as taxpayers, and that they had no standing in court.

### COMMISSIONER TESTS

Agricultural Comsr. Max J. Leonard has been notified by W. J. Cecil, state director of agriculture, that examinations for county agricultural commissioners and deputy commissioners will be held in San Francisco July 7, 1942.

# M.P. Chief Issues Fire Warning.

Preventing fires is a part of defense.

The United States Army has requested that every effort be made to eliminate fire hazards caused by dry grass, noxious weeds, underbrush, vacant sheds, and accumulations in attics, Chief Thomas Cuff reminds residents of the Menlo Park Fire District.

He asks the co-operation of residents in preventing fires. "A great many people are co-operating in removal of these hazards," he said today, "but there are many who have not done much about it."

Safety rules outlined by the fire chief follow:

First, secure fire permits to do any burning. Second, clear off the grass to be burned from areas near buildings or fences and burn the remaining grass in safety; or, better, have the vacant land disked or plowed.

Fire permits may be secured from any one of the three fire stations located at 1077 Merrill Ave., Menlo Park; 32 Almendral Ave., Atherton, and 2084 Manhattan Ave., Ravenswood.

Firemen will issue permits at the Menlo Park post office and Southern Pacific depot, the Atherton depot, and in front of the Ravenswood Water Co. Saturday.

Burning is allowed from 6 a.m. to 11 a.m.

### FIRE EXTINGUISHED

Redwood City Fire Department extinguished small grass fires at Alameda de las Pulgas and Hopkins St. at 3:27 p.m. yesterday, and at Woodside Rd. and El Camino Real at 10:02 a.m. today.

# Solicitors 'Clean Up' Tag Ends In Redwood City Victory Pledge Drive

Solicitors in the Redwood City Victory Pledge Drive are "cleaning up" the campaign this week, after having covered most of the surrounding territory last week.

Although it has been reported that pledges to purchase war bonds and stamps have been signed in between 90 and 95 per cent of the homes contacted, John W. Brand, chairman of the Redwood City War Savings Campaign, points out that is not sufficient.

**"It is the desire of the government to get as many people as possible to sign—men, women and children—not just the wage earner in each home," the chairman said.**

Therefore some of the solicitors will be sent out again this week in an endeavor to get every individual signed up, not just each wage earner.

Children have not been contacted at school as they were expected to sign pledges at home.

Anyone who was on vacation or for some other reason was not at home when the solicitors came around to the houses are asked to contact Mrs. Max L. Gelber ,chairman of the Volunteer Minute Men, telephone 2665, or Brand, 847-W.

**SIGNATURES WANTED**

Brand emphasized that persons who already are purchasing bonds through payroll savings or other methods also should sign a pledge. The promise to invest a certain amount, he said, would not obligate the person to buy more than he already is purchasing.

Members of Minute Men organizations making house to house canvasses in San Carlos last week in order to obtain pledges for purchases of war bonds and stamps today are turning results over to Victor Gile, drive chairman, at his office in the Bank of America.

When all findings are gathered Gile plans to segregate the weekly and monthly pledges and later multiply the monthly pledges by 12 and the weekly ones by 52. Thus he will be able to determine the total amount pledged in the city for a year's time.

**Figures to be turned in today will also tell the number of calls the members of the 16 civic clubs conducting the drive made and the proportion of the population which has pledged.**

Meanwhile, California's quota for United States Savings Bonds sales has been set at $54,440,800 for June by the federal treasury. That is nearly double the average monthly sales from July last year through January.

San Mateo County's quota is $705,700.

# R.C. Soldier Loses Life In Accident

News of the accidental death of Pvt. First Class James J. Gallagher, 27, one of Redwood City's first volunteers, at the Presidio of San Francisco Saturday night was disclosed by army authorities this week. Authorities said an accidental discharge of a gun he was examining or cleaning caused his death.

He was the nephew of J. A. Conway of 659 Woodside Rd.

The Redwood City Selective Service Board record showed that Gallagher enlisted Nov. 2, 1940 and was accepted Nov. 20.

He gave his occupation as miner between 1935-37 and as meter reader between 1937-39. He was a native of Ireland.

**DAMAGES SOUGHT**

J. Wilkes Jones, owner of Associated Chemicals Co. in San Carlos, this week filed suit in superior court for $10,000 damages against B. O. Hill, San Carlos builder. He charges that on Nov. 5, while inspecting a San Carlos home Hill was building, he fell from a temporary step which collapsed and broke his arm. His attorneys are Ross & Ross.

The floor area of the Library of Congress is more than 13 acres.

# Defense Unit Shake-Up Seems Certain

As an alarmed public heard ominous warnings of the increasing danger of air raids, Redwood City's civilian defense organization today appeared headed for a major shake-up. Charges that the "job has not been done" brought a pledge from Mayor Floyd D. Granger this week's city council meeting that there would be action.

After the public session the council went into a huddle and probably will come up with a new civilian defense ordinance for adoption at a special meeting next Tuesday. City Atty. Paul A. McCarthy admitted that he is working on an ordinance which will scrap the advisory civil defense council, set up hurriedly Dec. 10, in favor of the approved federal plan of a civil defense commander, executive officer and staff.

**TRAINING SPEEDED**

Meanwhile Granger assured the public that training is being speeded to meet Office of Civilian Defense requirements.

"My first duty was to learn the job myself," he said. "Stick with us and civilian defense will be as you want it."

Meanwhile a delegation from the Redwood City Commuter's Club minced no words in criticizing the present situation.

Said John Nordstrand: "Speaking as an air raid warden, I am dismayed by the lack of training. We have been lulled into a false sense of security. We have had no training to amount to anything. If we should have a bombing, this thing would be a shambles."

He took exception to plans to organize basball teams among the air raid wardens.

**THINK OF FAMILIES**

"We're thinking about our families, not baseball," he declared as he waved his notice about the recreation plan under the collective noses of the assembled city officials. "We have no time for baseball, and with this kind of thing the whole picture loses its potency."

Speaking of his own experience, he charged (1) that the wardens in his sector had never held a meeting, had no organization; (2) that they had no established form of procedure for rendering reports.

He urged constant practice at the work of civilian defense and decried the fact that seven months after Pearl Harbor the wardens were getting what he termed mere rudimentary knowledge.

**MORE CRITICISM**

Lloyd Moore, Palomar Park senior warden attached to the Redwood City defense council, said this: "Seven months after Pearl Harbor we do not know our job. My people are dependent on me, and it's your responsibility to do something very definitely from here on out."

Ex-Mayor Harold F. Anderson laid part of the blame on the wardens themselves. He said of an original 250 enrolled for Sunday first aid class instruction, half disappeared on the second week of training.

"Police and fire services have no failed," he maintained. "I am informed that the wardens hold regular meetings. They have been called into the control center and have been given instruction. Some do not attend the meetings provided."

**BLACKOUT REVISION**

Likewise slated for revision, according to McCarthy, is the city's blackout ordinance, also passed in December. He said it is insufficient.

Imparting the urgency injected into civilian defense by federal officials, Fire Chief Mark E. Ryan who returned from a hurry-up course in gas equipment yesterday in San Francisco, announced that his orders were to distribute newly supplied gas equipment within four days.

"The federal government isn't fooling," he warned.

He said the allotment of 454 gas masks would allow only enough to supply half of the city's air raid wardens, but that officials could not promise any additional supplies in the immediate future. Ten suits of gas-proof clothing will be supplied Redwood City, he disclosed.

Those supplied federal equipment must meet OCD training requirements by July 1, he warned.

Importation into St. Pierre and Miquelon of all arms and ammunition has been prohibited, says the Department of Commerce.

## Where Ten Per Cent Is Little

# Edmonds Resigns Position On Redwood City Council

Lieut. Col. Henry W. Edmonds, Redwood City city councilman, elected in 1940 and on leave since he was recalled to active duty Dec. 24, this week resigned his position on the city board effectively immediately.

The council accepted the resignation with expressions of regret. Problem of filling the vacancy was continued, with the suggestion from Councilman Harold F. Anderson that it may be necessary to call a bond election at which time a special council election could be called.

In his letter Colonel Edmonds said new orders had precluded his return to the retired list July 1, as planned.

"In view of this fact," he wrote, "and the condition which has recently developed in council organization and administration, due at least in part to my absence, I feel it incumbent upon me to tender you my resignation . . ."

Councilman W. M. Werder protested that the council should not operate officially, as it has in fact, as a six-man board but was overruled.

Anderson praised the colonel as one of the city's most outstanding councilmen, sentiments echoed by other council members.

Colonel Edmonds, now 59, had 25 years active service before he was called up last December. He wears the Silver Star, Purple Heart, and a Victory Campaign Badge with four battle clasps. He was promoted from captain to major for gallantry in action in the Muese-Argonne offensive Sept. 29, 1918, and from major to lieutenant colonel recently. His present address is North Charleston, S. C.

Anderson said the possible bond issue he referred to would cover cost of sewer construction to serve National Motor Bearing Co. Other members of the council felt the project could be financed by direct tax.

## San Carlos Garden Club Records Incorporation

The Civic Garden Club of San Carlos is a full-fledged nonprofit corporation today following the recording of articles of incorporation here.

# Bay Boost Included

Redwood City taxpayers today faced a 6-cent tax rate increase according to a preliminary budget submitted to the city council this week by City Manager C. L. Dimmitt. Included was an item of $9300 for salary adjustments. Dimmitt estimated this would raise city pay schedules 7½ per cent if that figure is agreed upon by the council. Budget discussions were expected to start Tuesday.

The city manager estimated 1942-43 budget requirements at $310,458 compared to a 1941-42 budget of $299,960. The city's "cash on hand" buffer, $25,800 at the beginning of the fiscal year, will be reduced to an estimated $21,474 by July 1, 1942, his figures show.

**REASONS CITED**

In explanation he pointed out (1) the need of salary adjustments, (2) an increase of 5 cents in the retirement fund tax, (3) $4851 for civilian defense spent since December, with $4000 set up for next year, (4) a 2.8 cent tax to meet National Motor Bearing Co. commitments, (5) a tax rate of .021 to pay the court-ordered pension to Mrs. Margaret Fleishman, widow of a policeman killed on duty, and (6) decreased income from building fees and the state in lieu tax.

Departmental budgets showed a net decrease of $79. Up were police court, police and fire departments, and park department which must replace formerly available WPA labor. Offsetting these were reductions in cost of general government, election costs, and electrical department.

**EXCLUSIONS LISTED**

Not included: A special tax of 3 to 5 cents to purchase a playground; $4000 to supplement the Port Commission's $5000 to buy six acres of land now under lease option.

Although requiring no tax levy for operations, the municipal port budget estimates were nearly double current outlays. Major increase items in the proposed $64,616 budget were $14,312 more for operating labor, $3000 more for harbor improvements, $2500 more for wharf improvements, $1200 more for land rental and taxes, $1000 for paving, and $5000 each for land purchase and harbor bond interest.

The 1941-42 harbor budget was $34,340. Estimated revenues for next year: $65,950.
